OFFERING #5

MATURE PLANTS

WINTER FLOWERING PURE WHITE CATTLEYA HYBRIDS

These plants flower for us during February and March. They are established plants, some of which are in need of repotting into larger size pots. 5" pots have a minimum of 4 bulbs and leaves. The higher price within a pot size is charged for a plant having more than one new lead, or for a larger than standard sized plant. Since we have only a limited number of plants of each cross it would be advisable to indicate a second choice whenever possible.

Prices are F.O.B. Chattanooga. Plants will be shipped via Railway Express unless otherwise directed.
